What is OCLC's data backup schedule for WMS?

Last updated: Thu, 28 Jul 2022 15:53:35 GMT

Applies to

- WorldShare Circulation
- WorldShare Acquisitions
- WorldShare Record Manager

Answer

There are multiple tiers of security in place to maintain data integrity. These measures include but are not limited to:

- Data is replicated by our servers in real-time and is maintained on multiple servers
- Full database backups take place nightly

For additional information about security practices and compliance, please see [OCLC's Commitment to Secure Library Services](https://help.oclc.org/Library_Management/WorldShare_Circulation/Troubleshooting/What_is_OCLC's_data_backup_schedule_for_WMS).
