What is my ILLiad Server or Odyssey IP address?

Symptom

- You want to know what your ILLiad Server IP address is

Applies to

- ILLiad

Resolution

You can find your ILLiad Server IP address by doing the following:

1. Open up the Customization Manager.
2. Search for ILLiadServerIP.
3. The result will have the IP address of your ILLiad Server.
4. You can also find it by going to Odyssey > Defaults > ILLiadServerIP.

The IP address is also the Odyssey IP address.
