How can I do a mass change Delivery Method options in ILLiad?

Last updated: Tue, 14 Jun 2022 14:04:54 GMT

Applies to

- ILLiad

Answer

If your site is hosted by OCLC contact [OCLC Support](https://help.oclc.org/Resource_Sharing/ILLiad/Troubleshooting/How_can_I_do_a_mass_change_Delivery_Method...)

If you are self-hosted, here is an example of what you have your SQL Administrator run the following queries

```
Update Users
Set DeliveryMethod='Hold for Pickup';

Update Users
Set LoanDeliveryMethod='Hold for Pickup'
go
```
